Hi Bob!

I will follow up with Chris.

I saw Michael Harris yesterday and he told me that he talked to Carolyn and now she knows that we intend to move quickly on Tower Standard. So, please let me know if/when you hear from anyone in OUST about comments that Lela or Carolyn have. I will be out next week (except for part of the day on Monday) on annual leave but I will come in to review the letter and move it forward.

Sherry,

Sorry to bother you with this. I was incorrect on the TO cover sheet for Tower that we spoke about yesterday. If we can get that signed today or Monday it would help move the amendment forward quickly (this one is for the change in private well sampling only).

Lynn sent a message that I do not need to provide a modified cost estimate, so as soon as that form is sent to Lynn she can ask BERS to respond with a new plan.

Unfortunately I did not hear back from Chris on whether he will be in the office today. And I remember from looking at Jamie's schedule that she is off today. So if you see Chris, can you ask him to sign the form and send it to Lynn? If he doesn't come in, we can get it done on Monday or even go to Tom Crosetto if no one else is around on Monday.

Thank you for the assistance.

Bob Egan
